

Notice Regarding Data Security Incident

On December 21, 2021 Welfare, Pension and Annuity Funds of Local No. ONE, I.A.T.S.E. notified certain individuals about a security incident involving our email system. Specifically, as a result of a potential phishing incident, an unauthorized party obtained access to an employee email account. Upon learning of the issue, we secured the account and commenced a prompt and thorough investigation.

After an extensive forensic investigation and manual document review, we discovered on October 25, 2021 that the email account that was accessed between May 11, 2021 and August 2, 2021 contained personal information such as names, dates of birth, Social Security numbers, government identification numbers, financial account information, and medical information that potentially includes healthcare provider information, diagnostic and conditions information, treatment and medication information, medical identification number(s), and/or health insurance plan information. **This incident does not affect all members of I.A.T.S.E. Local ONE and not all information was included for all individuals.**

I.A.T.S.E. Local ONE has no evidence that any of the information was misused. However, out of an abundance of caution, we notified individuals whose information may have been included in the files present in the impacted I.A.T.S.E Local ONE employee email account. Notified individuals have been provided with best practices to protect their information, including but not limited to reviewing the explanation of benefits statements they receive from their health insurance providers and following up on any items or services not recognized. Individuals whose Social Security numbers were contained in the impacted files have been offered complimentary credit monitoring.

The security and privacy of personal information is of the utmost importance. Since the incident, we have worked with our Information Technology (“IT”) managed services provider to implement additional security measures in an effort to prevent a similar event from occurring in the future.

For individuals who have questions or need additional information regarding this incident, or to determine if they are impacted and are eligible for credit monitoring, I.A.T.S.E. Local ONE has established a dedicated toll-free response line at (855) 604-1683. The response line is available Monday through Friday, 9:00 a.m. to 9:00 p.m. Eastern Time.
